LIBBY MARR

libby,  
Can you believe  
how fast this year  
went by. Just think  
in 3 short weeks it's all  
over! I am glad we became  
friends this year even though  
I'm usually busy 24-hours a  
day and have no time to spend with  
my friends. You've been a great friend  
and yours a good person so I want to wish  
you the best of luck in from the bottom of my heart.  
good luck in everything you  
do.

## *DEDICATION . . .*

*Laughter in the playground, smiles in the classroom, and talent in every action were Eric Benson's gift to us. The memories fill our thoughts and hearts with joy. All of us were not able to know him, still Eric was capable of filling our lives with sunshine. We will always remember the love that he shared with us even though this book and this dedication to him may be a forgotten part of our past.*

To each member of the class of 1982 I wish a beautiful and productive life. Your teachers are very proud of this class. As a class you have been exemplary in demonstrating to the underclassmen a mature attitude and sense of responsibility for your actions. In this sense, you were instrumental in educating your fellow students and you have done an excellent job of it.

You are leaving high school at a truly marvelous time. The fund of knowledge and technology is multiplying at an astronomic rate. This is a time when literally almost anything is possible and you will play an active role in it.

Your education to this point in your life has been fundamental. Your talents, inclination, and preparation will determine whether you will begin a job at this point or go on to higher education. Whatever your inclination, remember that the degree of productivity expected of you is directly proportional to your natural talents, and the constant of proportionality is high.

"You are the hope for our future" has been said innumerable times to graduating classes. Despite its triteness, it has valued meaning. Each generation actually receives more knowledge than its predecessor. It inherits problems, solves them, and creates new problems for its successors to solve. I have confidence that your generation will be able to solve the problems that mine has created. I have confidence also that you will provide your successors with education, the means to solve the problems which you will create.

# SENIORS

After looking forward to senior privileges from  
grades 9 to 11,  
We were informed we'd be here from periods 3 to 4.  
Taking it in stride and handling the situation well,  
We ate on picnic tables till the snow fell.  
Free time found us squeezing through the senior  
lounge door.  
It sure was hard fitting all the seniors in a  
room 2 by 4.  
Really though, it hasn't been all that bad,  
Thinking back on all the memories and good times  
we've had.  
Selling pens, calendars, and candles to put on the  
prom of May '81.  
Everyone helped; our efforts would not be outdone.  
Our class never lacked of spirit and cheer.  
Being float and spirit stick winners year  
after year.  
Ordering senior announcements made the realization  
clear.  
The day of our graduation soon will be here.  
Giving senior pictures, helping to make memories last.  
So years from now we'll remember high school days  
of the past.  
We've made our mark, and we're here to say  
The class of 82 is on its way.

# LET'S DO, THE..... TIME WARP BASIC STEPS

1. IT'S JUST A) JUMP TO THE LEFT, WITH HANDS UP
2. A STEP TO THE RIGHT (TIME-WARPER ANNETTE FUNICELLO SUGGESTS A VERY WIDE STEP)
3. (WITH YOUR HANDS ON YOUR HIPS) YOU BRING YOUR KNEES IN TIGHT
4. THEN) THE PELVIC THRUST (IF REPEATED FIVE TIMES, IT NEARLY DRIVES YOU INSA-A-ANE)
5. HIPSWIVEL (IF NOT DRIVEN INSA-A-ANE BY STEP FOUR)
6. LET'S DO THE TIME WARP AGAIN!!
7. THOSE WITH LIMB DISABILITIES MAY FIND IT NECESSARY TO ALTER OR DELETE THIS ACTION, BUT NO EXCUSES FOR ALTERATIONS TO STEPS FOUR AND FIVE. AS FEATURED IN 'THE ROCKY HORROR SHOW'

AN RETURN

The wall and I will not forget. Thank you Paul, Mike, Chris, and all of the others who made this page possible. "Quelle and Fine"

Libby,  
Best of luck to a  
really sweet girl  
always remember the  
fun we've had in Economics  
and P.O.D. Keep in touch over  
the summer. Your friend  
Dave,  
Jackie  
always

Libby,  
Remember Mr. Meyer's  
Class and how Kelly  
used to pick on me.  
Remember all those dumb  
assignments and how  
we found the answers  
in that Ital Cimo  
es. Good Luck  
in the future in  
whatever you choose to  
do.

Love,  
Amy

Libby,  
Good luck to  
you in the future.  
I did not know you were  
long, but knowing you was real  
help in those years. Remember  
that we had to teach during our  
years at B.H.S. the summer  
and your friend always,  
Ghindy
